

DAWES ESTIMATES SAVING OF \$112,512,628

DIRECTOR OF BUDGET MAKES REPORT OF HIS FINDING TO HARDING

Would Eliminate the Continuous Appropriations for Building and Construction—Compliments Department Heads—Estimates Furnished Show Increased Efficiency

(By The Associated Press)
WASHINGTON, July 19.—An estimated saving of \$112,512,628 can be effected in the appropriations of approximately four billion dollars available for government expenditure during the current fiscal year, President Harding was informed today by Director of the Budget Dawes.

Included in the estimate of possible saving General Dawes placed the sum of \$22,822,112, pertaining to continuous appropriations for building and construction which he said, would be postponed for expenditure in future years.

The estimate of government economy possible during the present fiscal year was contained in a letter directed to the president by General Dawes.

HOUSE CHANGES SECTIONS OF THE TARIFF MEASURE

Places Asphalt on the
Free List and Puts
Duty on Beans

(By The Associated Press)
WASHINGTON, July 19.—The house finished consideration of the Fordney tariff bill today by placing asphalt on the free list and, thus in four of the five paragraphs open to separate votes overruled the action of its ways and means committee in framing the measure.

Dye control provision of the bill as drawn were the only section of the five not upset by the house. After disposing of the asphalt amendment which rejected proposed duties ranging from 30 cents to \$3 a ton, the house considered the ways and means committee amendments which the ways and means committee deemed necessary.

It raised the proposed duty on dried beans from one and one-fourth to one and three-fourths cents a pound, and increased the duties on shelled almonds from 8 cents to 12 cents a pound and shelled walnuts from five to 7 1/2 cents a pound in rapid order.

Some members declared there was nothing fair in the treatment, others that it was an old time custom. At the end of the argument, Representative Campbell of Kansas, presiding ruled that the amendments could be offered and the house sustained the action of its presiding officer by a narrow margin.

The Democratic side took advantage of the time offered for discussion of the amendments designed to clarify and define provisions of the bill to deliver denunciatory speeches about the bill in general. In the course of the flood of five minute talks, several Democrats pressed Chairman Fordney, by the ways and means committee for a statement as to when they would be permitted to offer amendments. Mr. Fordney when the demands became insistent fairly shouted:

"Just as soon as the Democrats get control of the house they can amend the tariff. They can't do that."

ALLEGED SWINDLER IS ARRESTED.

Kansas City, Mo., July 19.—J. M. Donaldson, chief postoffice inspector here announced today that word had been received of the apprehension in Philadelphia, Pa., of Henry Porter, a resident of Tulsa, Okla.

Porter was indicted here May 7 last by a federal grand jury Mr. Donaldson said, charged with using the mails to defraud in connection with the operations of the mid-west royalties corporation, purporting to deal in oil stock royalties. About one and one-half million dollars was involved in its dealings Mr. Donaldson said.

Porter will be returned here for trial, he added.

WASHINGTON, July 19.—An estimated saving of \$112,512,628 can be effected in the appropriations of approximately four billion dollars available for government expenditure during the current fiscal year, President Harding was informed today by Director of the Budget Dawes.

Included in the estimate of possible saving General Dawes placed the sum of \$22,822,112, pertaining to continuous appropriations for building and construction which he said, would be postponed for expenditure in future years.

The estimate of government economy possible during the present fiscal year was contained in a letter directed to the president by General Dawes.

Survey of possible economies during the year was begun several weeks ago by General Dawes after a meeting at which department heads and bureau chiefs had been directed to reduce expenditures and adopt a policy of economy and efficiency.

"Whatever may be the relation of total expenditure to total revenues, at the end of the current year," Dawes said in his letter, "which for various reasons, including possible new legislation the operations of the shipping board, the railroad administration and fluctuation in current receipts of the postoffice department, cannot be predicted at this time, the above amount is that much of a contribution to a more favorable relation."

Compliments Department Heads—This fine response to your request from the heads of departments and independent organizations and bureau chiefs, infers the existence in their minds of three principles involving improvements in governmental business which should not be overlooked.

"First, that the business organization of government hereafter assumes that the minimum amount of money to be expended in any fiscal year is not, of necessity the sum appropriated in advance by congress, but the smallest amount upon which the business of the government can be efficiently administered, under the program outlined by congress."

"Second, that the minds of the business administrators of government have been diverted from a too easy reliance upon the custom of deficiency appropriations."

"Third, that where congress has directed the expenditure of certain sums for specific purposes an executive pressure will now be exerted for more efficient and economical administration in order to produce greater results from the given expenditure, and also wherever possible to complete the given project for a less amount than the total appropriated for the purpose."

Estimated savings of the most important departments were listed by Director Dawes as follows:

State Department \$1,171,982.
Treasury Department \$30,342,149.
War Risk Bureau \$16,534,523.
War Department \$15,000,000.
Navy Department \$10,047,891.
Interior Department \$19,827,191.
Department of Agriculture \$1,687,502.
Postoffice Department \$25,500.
Postal Service \$14,820,421.
Department of Commerce \$2,633,383.
Department of Labor \$10,660.
Department of Justice \$94,300.
Completion of the economy estimates by the government organizations within three weeks was regarded by Director Dawes as evidence of increased efficiency. Work would be begun at once by the budget bureau, he added, on budget for the fiscal year ending June 30, 1923, using the new estimates of necessary expenditures as a basis.

SEEK TO PREVENT LAW ENFORCEMENT

New York, July 19.—A suit seeking to prevent enforcement of a treasury department regulation on the slipping of liquor via the United States was filed in the federal court today by the Anchor Line, a British Steamship corporation. An injunction was asked to restrain the collector of the port of New York and his agents from interfering with the shipment of liquor from Glasgow to the West Indies and other foreign ports through New York.

METHODS OF NAVY AT NEWPORT R. I. ARE CONDEMNED

Majority and Minority Differ, However, on Responsibility

(By The Associated Press)
WASHINGTON, July 19.—Republican majority and Democratic minority members of the senate naval sub-committee which investigated the war time scandal among enlisted men at the Newport, R. I., training station in reports made public today agree in condemning in severe terms the methods used by the navy in detecting those at the station guilty of immoral practice.

The only outstanding point of difference in the two reports consists in the responsibility of former Secretary Daniels and former Assistant Secretary Roosevelt for the use of naval enlisted men as participants in the immoral practices in order to obtain evidence against offenders. The majority reports holds that the methods used were with the knowledge of both the secretary and declares the latter to be "morally responsible," for the instructions issued in the matter.

Minority Report
The minority views, contend the whole matter was conducted without the knowledge of either of the navy department chiefs.

"The inferences and statements and innuendos that Mr. Roosevelt or Mr. Daniels knew of these methods," the minority report asserts, "are wholly without justification and do a great injustice to the persons mentioned."

The record of the sub-committee's investigation is said by the minority to show that the naval officers who prepared the plans for the vice-campaign did not have the slightest idea that seamen were to employ improper methods in securing evidence of moral delinquencies or other crimes.

The minority report disagrees emphatically with contentions of the majority that Mr. Roosevelt was present at conferences at which the methods to be used were discussed and asserts that orders involved coming to his desk were signed as a matter of routine. The minority agrees in substance with the findings of the naval court of inquiry which investigated the scandal.

Mr. Roosevelt late in the day gave out a letter addressed to Chairman Page of the senate naval committee repeating his charges of "bad faith and deliberate unfairness," against Chairman Ball of the sub-committee and asking an open hearing by the full committee. The letter said that Mr. Roosevelt had not been heard by the sub-committee until after the report was completed.

Ball Issues Reply
Chairman Page is absent from Washington and Senator Ball tonight issued a reply to Mr. Roosevelt declaring his statements to be "without foundation."

Senator Ball declared Mr. Roosevelt twice had been heard by the sub-committee and had "nothing new" in the way of evidence. "Mr. Roosevelt's testimony," said Senator Ball, "was well weighed by this committee and the conclusions drawn were reached after weeks of careful analysis."

Senator Ball announced that all of the testimony would be printed and made public.

FOUR MEET DEATH IN KANSAS FLOOD

(By The Associated Press)

INDEPENDENCE, Kans., July 19.—The bodies of Mrs. William Wood, her father, John Pennil, and her two small children who were drowned near Cedarvale last night when a cloudburst brought a wall of water down Cedar Creek on the banks of which they were camping, were recovered today. The body of Mrs. John Pennil has not been recovered.

Henry Wood, the only member of the party to escape after taking his children to what he believed high enough ground to be safe, returned to see his wife and her parents swept away in the flood. When he tried to return to his children he saw a wave of water carry them away also.

The family was traveling from Bartlesville to Blackwell, Okla. Three miles north of Cedarvale another couple is believed to have been drowned. More than a thousand feet of Santa Fe and Missouri Pacific track has been washed away by the flood.

President Occupies New Chair

Newspaper editors gave this chair to President Harding as a token of esteem. It is made from a rib of the old Revolutionary warship Revenge. The only ornamentation is an American eagle and two carvings symbolizing the twin functions of newspapers, collection and distribution of news.

Condensed Telegraphic News

(By The Associated Press)

SHARON, Pa., July 19.—Thomas D. Randolph, a leading business man here was kidnapped last night and is being held for fifty thousand dollars ransom, according to information received by Mrs. Randolph today and turned over to the city and county authorities.

NEW YORK, July 19.—Mrs. Emma R. Burkett, who was brought from Hillsdale, Ind., to face a charge of forging the indorsement of the late Theodore Roosevelt on a note for \$69,000 today pleaded not guilty and was held for trial on July 27. She appeared in court without counsel and the court assigned an attorney to defend her.

WASHINGTON, July 19.—Vigorous defense of the federal reserve board's policy toward agricultural interests, Governor Harding before the senate banking committee today gave official statistics to show that instead of curtailing farm loans, as charged by critics, the federal reserve system's advances on long term loans virtually doubled during the last year.

CLEVELAND, O., July 19.—There are eight million women in the United States in gainful occupations, Dr. Amelia Henry Reinhardt, president of Mills College, Oakland, Calif., told the three hundred delegates attending the third annual convention of the National Federation of Business and Professional Women's Clubs in an address here this afternoon.

ACRORA, Ill., July 19.—Albert Erlerson, 47, Lisbon, Ill., swam across the Fox river at St. Charles, Ill., yesterday and then fell exhausted in a foot of water and drowned. It was the seventh drowning in the river in recent weeks.

AUSTIN, Texas, July 19.—Resolutions requesting national headquarters of the American Legion to withdraw the charter of Sol Sah-Mar post at Chicago because of alleged support promised by the Chicago post to Jack Johnson, negro pugilist in a proposed bout with Jack Dempsey, heavyweight champion, were adopted by Travis Post of Austin last night.

PROMISE RAILROAD FINANCIAL RELIEF

WASHINGTON, July 19.—Relief from present financial difficulties has been promised to the Missouri and North Arkansas railroad by the interstate commerce commission if the bureau of accounts approves certain items on the books of the roads. It was learned today. Representatives of the road first appealed to the director general of railroads for finances, but it was found that the road had failed to make a claim to the railroad administration and the carrier then turned the matter over to the interstate commerce commission which already has authorized all the money advances under the government guarantee permitted unless the bureau of accounts makes a special ruling.

MILWAUKEE MAN HEADS WAULTHER LEAGUE

Milwaukee, Wis., July 19.—A. A. Grossman, Milwaukee, was elected president of the Walther League of America at this afternoon's session. A. H. Herrmann, Richmond, Va., was elected secretary; A. F. Schack, Fort Wayne, Ind., treasurer and Prof. E. H. Engelbrecht, River Forest, Ill., field secretary.

STATE SENDS ONE OF ITS HEAVIEST HITTERS IN GAME

Bill Burns, Former Big
League Player, on
Stand Tuesday

(By The Associated Press)

CHICAGO, July 19.—The state today turned its full strength into the prosecution of the Chicago White Sox baseball players and others others charged with the alleged conspiracy which resulted in the 1919 world's series scandal sending Bill Burns, admitted accomplice of the defendants and who turned state's evidence in return for immunity to the witness stand to tell the inside story of the reported sell out of some of the games greatest players to the gamblers who wanted the series thrown to Cincinnati.

Burns who was only about two thirds thru his story when court adjourned for the day was on the stand long enough to name Arnold Rothstein of New York, Abe Attell, former featherweight pugilistic champion, David Zelzer of Des Moines, Iowa, one of the defendants, Billy Maharg of Philadelphia and himself as being among the organizers of the alleged conspiracy. He drew a vivid verbal picture of numerous meetings between the players and the alleged fixers. In Cincinnati hotels the days of the first time games of the 1919 series saying that the athletes agreed to make the series a "made to order one" throwing games just as desired.

Burns testified of a conversation in which Eddie Cicotte, one of the American League's great pitchers, said he would "throw the first game if he had to throw the ball out of the lot."

Claude Williams, the White Sox southpaw ace, was quoted by Burns as agreeing to throw the second game.

Identifies David Zelzer

Burns identified David Zelzer as a man he had known as Bennett during the forming of the alleged conspiracy and declared that Bennett or Zelzer was present at most of the meetings when the purported sell out was arranged.

Intimation that the players doubled crossed out of much of the money promised them was given out by Burns. He said Abe Attell had termed Rothstein a "walking bank" who would pay all he promised, but that after the first game Attell refused to give him any money, saying he couldn't pay the players until he collected the bets made. The players were to get \$20,000 after each game lost, Burns said.

He then explained that when he offered to put up a lease on 12,000 acres of oil land in Texas as security Maharg refused to let him do so, saying that Rothstein might not pay the men. Rothstein testified before the grand jury last fall that he was approached on the deal but refused to go into it and that his name was used by Attell without his permission.

Burns' testimony was broken by repeated arguments by the various attorneys who succeeded in having much of his testimony particularly that dealing with a conversation with Cicotte in New York prior to the series barred.

Made Dramatic Entrance

The former major league pitchers' entrance into the court room came in a dramatic manner. After Harry Grabner and Kid Gleason, secretary and manager, respectively of the White Sox club testified that the players were under contract to the club during the world series, Taylor Spink, official scorer of the 1919 series testified as to the scores of the various games. For fifteen minutes those in court fidgeted with the defense repeatedly asking the cause of the delay.

"We are waiting for a witness, your honor," said George Gorman of the prosecution. "We don't wish to divulge his name as we don't want him interrupted on the way here."

Finally two private detectives entered. Behind them came Burns followed by two more plainclothesmen. The state's chief witness was dressed plainly. He walked thru the section occupied by the defendants without looking at them. On the stand he spoke in a low even tone which scarcely carried past the jury and repeatedly wiped his forehead with his handkerchief. Finally he took his coat off. Burns fidgeted a bit during the legal arguments over his testimony but while hesitating at times over questions, most of his answers came quickly. His testimony will be resumed tomorrow.

Testimony of the two White Sox officials, Grabner and Gleason brought some interesting side play among the players on trial.

PRESIDENT'S MOVE FOR DISARMAMENT IS FAR REACHING

Is Assuming Greater Magnitude Than the First Indications Disclosed—The Disposition of Japan to Hold Out for an Exact Definition on Subjects Halts Things

(By The Associated Press)

WASHINGTON, July 19.—President Harding's move for a disarmament conference is assuming far greater magnitude in world affairs than first indications disclosed.

As the preliminary negotiations proceed they are revealing all sorts of unexpected ramifications and leading into fields which in the beginning had seemed far removed from the purposes of the conference. But officials here apparently are thoroly confident that the widespread effect of the president's proposal will in the end only prove an aid in accomplishing the frank exchange of ideas for which the conference was called.

One of the principal side issues now occupying the attention of the American government is the disposition of Japan to hold out for an exact definition in advance of the subjects to be considered by the assembled powers.

The attitude of officials here is that to thresh out the question now not only would delay the conference but might also branch into a discussion of the merits of the disputed subjects themselves. It is felt that the program for the conference could best be arranged by the conference itself or, failing that, at least by negotiation after each of the invited powers has sent in an unconditional acceptance.

Questions Japs Might Raise
News dispatches from Tokio reporting that Japan might raise such questions as racial equality and abolition of extra-territorial rights in China were read with manifest interest here, but no official would comment. There was a feeling of satisfaction over other unofficial advices seeming to indicate that the Tokio government proposed to clean the slate of some of the troublesome far-eastern problems by moving toward a settlement of such questions as Shantung and the occupation of Siberia.

It developed during the day that the explanation given Japan by the state department relative to the scope of the conference was entirely informal and that department officials apparently hoped to be able to reach an understanding without a further exchange of formal notes.

While these preliminaries are in progress resident Harding is understood to be giving some attention to the personnel of the commission that is to represent the United States in the conference.

It was indicated today that although no actual choice probably would be made for a month or more the president definitely had decided that the senate, because of its joint responsibility for foreign affairs will be represented. Whether Democratic as well as Republican senators will sit on the commission, however is a question not yet answered.

Will Probably Exchange Views
Tokio, July 19.—Subsequent to a cabinet meeting held today, which discussed a report of Ki Kijidi Shidehara, the Ambassador to the United States, it was announced that the United States, Great Britain and Japan probably would exchange views in an effort to outline the program for the coming Washington conference. A semi-official statement issued today says Japan is prepared to give all prominence in the conference to the questions of the open door and equal opportunity in China, so as to place China in a fair way to the attainment of an independent national status. The statement emphasizes the necessity of cooperation by the powers in aiding China in the recovery of her rights and interests.

The Chinese minister has had an exchange of views with Viscount Uchida, the Japanese foreign minister, regarding the situation, as concerns China.

Would Investigate Reception to Johnson
CHICAGO, July 19.—Formal demand was made to Mayor William Hale Thompson today by Theodore Roosevelt, Post No. 627, of the American Legion for an investigation of the conduct of city officials who served on a reception committee to welcome Jack Johnson, the negro pugilist, back to Chicago from the federal penitentiary in Leavenworth. Protest also was made to the Illinois department of the American Legion against the action of an official of another post of the legion in defending Johnson's war record and offering to promote a bout between him and Jack Dempsey for the world's heavyweight championship.

PRESSMEN'S UNION WINS OVER HIGH OFFICIALS

Chicago Local Gets
Judgment for \$165,000 and Costs

(By The Associated Press)

LEXINGTON, Ky., July 19.—The International Printing Pressmen and Assistants' Union of North America, is entitled to recover \$165,000 and costs from George L. Berry, president of the international, and his four associates, members on the board of directors, by a ruling today of Judge A. M. J. Cochran. The decision was in the case of Chicago Union No. 3, against Berry, et al.

Judge Cochran further decided the Chicago Union No. 3, is a member of the international in good standing. Efforts of Berry and his associates to oust it were futile. The plaintiffs contended money has been improperly diverted from the international's funds to private enterprises.

Enjoined From Interfering
Berry and his associates were enjoined from interfering in the affairs of the Chicago Union or from putting any other pressmen's union there and also from issuing members-at-large cards.

The decree was ordered published in the September American Pressman, A. C. Dore, of Knoxville, Tenn., appointed receiver to collect \$165,000.

The action grew out of the alleged misuse of union funds by the officials in furthering the hydroelectric power company and other projects in Tennessee.

It was announced tonight that the defendants would appeal. Judge Cochran held that other subordinate unions of the international union, in practically every principal city in the country are not suspended from the union and still in good standing.

Carpenters in Decatur have given building a boost there by agreeing to a reduction in wages. They will be paid 90c an hour instead of \$1.00, the price which prevailed before. This is a reduction of 10 percent but is considered enough to give an impetus to building operations and ends months of dispute.

Henry Ford says that the cutting of railroad rates would be a big impetus to business. He has already announced a reduction in the rates of the road that he owns. The example of this manufacturer is quite frequently followed in the automobile world, so perhaps he will have influence with the railroad managers.

One Jacksonville woman has a good idea on summer vacations. She has leased the residence on the Nichols par property for the month of August and will occupy it with her family. If Nichols park and Mauvalsterre lake were only further removed from Jacksonville a great many people would think seriously about erecting summer cottages there, or at least camping out for their summer vacation period.

Some of the predictions of the "drys" are coming to pass. A one-time Texas brewery owned by St. Louis interests has been transformed into the Lone Star Cotton Mill. HORSE STEALING IS NEARLY LOST ART

Used to Be One of Leading Misdemeanors in Chicago—Very Few Cases Are Recorded Now.

Chicago, Ill.—Horse stealing once one of Chicago's serious problems, ranking up along with manslaughter and arson in frequency has almost vanished. Publication by the Municipal Court of Chicago of its annual reports for the past three years shows that it has disposed of but one horse thief in this period.

In 1908 it took care of 58 and in 1914, 40. Since then the horse thief has been disappearing more rapidly than the horse.

How crime fluctuations in the big city, some old crimes diminishing, others spurring forward, new ones being manufactured and running up a large numerical score, is graphically shown in the statistics of the court.

Lotteries have faded faster than horse stealing. In 1908 25 lottery cases were disposed of. The records fall to show one in the last eight years. Cruelty to animals has kept the same pace, dropping from 44 in 1908 to one in 1920, with none for the three previous years. Obscene books fell from 18 to 3, abduction from 20 to 4, perjury from 22 to 8.

The other side of the ledger shows that burglary, larceny and robbery have increased in the past few years. Nine kinds of felony in all showed an increase in 1920 over 1914, the opening of the world war, while 15 other felonies decreased, according to cases disposed of by the court.

A new lot crime has been written up in the name of the automobile. In 1908 the auto was just over the horizon and only 145 cases connected with it were disposed of. In 1917 the number had jumped to 137, 420 and last year stood high with 8,855, topping the entire list of misdemeanors by much more than twice. Violating parking ordinances opened in 1903 and rose to four in the list of 1920's quasi-criminal cases.

Auditing of foods more than doubled, assault with deadly weapon nearly tripled, since 1908.

Misdemeanors in connection with violation of child labor and employment of females laws came on the scene, variegated made their appearance in numbers in court in 1911.

Disorderly conduct cases which head the quasi-criminal list have fallen off sharply from the first year's record of the court, showing in 1920 nearly 10,000 less cases than in 1908, and 20,000 less than in 1915.

A Morgan Dress Parade
Every community has its "prominent citizen" or "leading men", or great ones; and Morgan county has never been deficient in this respect.

"Are they coming?"
"Yes, here they are!"
"Where? Where?"
"Why right there! Don't you see them? I'll tell you who they are."

Col. Seymour Kellogg
Is that first one leading the procession into Morgan county in 1818 or 1819. Well, I don't care if his horse does look a little scrubby, you'd look a little so yourself, if you had come from up in New York state, down the Allegheny river, from Olean Point, in a keelboat, and down the Ohio from Pittsburgh to Shawneetown; and then traveled across the state to "the heads of Mauvalsterre", wouldn't you now?

Judge Thomas
William Thomas, I mean. That's he on the horse he rode over here from Kentucky in 1826. He doesn't look much like a hero, but he did his part as a quartermaster in the Black Hawk War, and ran greater dangers from the cholera than from the Indians; you know he went right to teaching school here, the first winter—1826-7—and he was needed.

Col. Enoch C. March
Can afford to ride that good horse. He was on Governor Reynolds' staff, and he was a successful business man. He had a mill—flouring mill—at Exeter, and he had to do with early Naples. He was a dependable man or "the Old Ranger" would not have let him ride with him. That one? Why he is

Col. Stephen T. Matthews
He was from all that Matthews family that came up here from Kentucky, and held so many offices. The man with him is his brother—Capt. Cyrus Matthews—Old "Cy", Jim's father.

BIRTHDAY SURPRISE FOR AGED WOMAN

"Aunt Emma" Cox Pleasantly Surprised by Birthday on Occasion of Eighty-first Birthday.

Sixty-five relatives and friends gathered at the home of Mr. and Mrs. Edward Cox recently to help celebrate the eightieth birthday anniversary of "Aunt Emma" Cox. All brought well filled baskets and a table was spread under the trees on the lawn at noon and a sumptuous dinner served. The event was a complete surprise to the guest of honor, as she had not realized that her birthday had arrived.

The day was spent in a very pleasant way, reminiscences of other days having a prominent part in the program. An informal musical program added much to the interest of the event. All departed for their homes late in the afternoon, wishing "Aunt Emma" many more pleasant birthdays.

The company included: Mr. and Mrs. Less Cox and family of Jacksonville, Mrs. Eva Wilkinson of Jacksonville, Mrs. Clarence Brocken and daughter of Chicago, Mrs. Charles Brocken of Chicago, Mr. and Mrs. Bert Cox and family, Mr. and Mrs. Ollie Cox and family, Mr. and Mrs. Lloyd Ball and son, Mr. and Mrs. George Haynes and daughter, Mr. and Mrs. Lloyd Cox and family, Mr. and Mrs. G. C. Harrison and family, Mr. and Mrs. Bird Seymour, Mr. and Mrs. Peter Roberts, Mr. and Mrs. Gus W. Seymour and family, Mr. and Mrs. James L. Seymour, Mr. and Mrs. Lewis Seymour, Mr. and Mrs. Sweet Seymour and family, Mr. and Mrs. Gus Henry, Mr. and Mrs. Larence Seymour and son, Mrs. Hattie Seymour, Mrs. Julius Seymour, Richard Seymour, William Haynes, Joe Waters, Nyle Tribble, Bruce Rolson, Stewart Ruble and Russell White.

Albert Ewing and family and Miss Anna Bradley of Smith Grove, Kentucky drove into the city yesterday morning in their Ford car rather the worse for mud which they encountered between this city and Litchfield. They were on their way to Nebraska and Montana and had thus far gotten along very well except for the mud. They were especially impressed by the fine appearance of the Illinois corn crops and appearances generally.

LOSES PART OF FINGER
John Fernandes of Doolin avenue met with a painful accident Tuesday morning while working at the Crawford planing mill where he has been employed for some time. Mr. Fernandes' left hand was caught, and part of the forefinger cut off. The wound was dressed as soon as possible, and the injured man is expected to be at work again Wednesday.

J. R. Bergschneider of Alexander was a caller in town yesterday.

Gen. Joseph Duncan
Is along with those fellows next. He had been a boy ensign in the War of 1812, and got a gold mounted sword for his services, from Congress—the Congress of the United States, mind you! Then he was afterwards Governor of Illinois, and "Commander-in-Chief of its Army and Navy." No wonder our people believed in him. Of course he has a right to wear a uniform. Who was that man riding right after Judge Thomas? Why he was

The Rev. John M. Ellis
And he and "Father" Thomas Lippincott rode into town in January, 1828, and Ellis marked the site and had old "Beecher Hall" started. But

President Sturtevant
Came along that fall of 1829, and started the teaching in Illinois College on January 4th, 1830; the first College in Illinois. Then

Prof. Turner
Came in 1833, from "down East" and planted Abolitionism, and Osage Orange, and Agricultural Colleges for the United States. Yes, yes, they are coming so fast now I can hardly tell you!

That's Stephen Arnold Douglas, the great statesman—5 ft. 4 in. tall; and of course Gen. Murray McConnel is with him—they were always together.

That soldierly man is Col. John J. Hardin, Member of Congress, who fell at Buena Vista in 1847. Right back of him is Capt. John Henry, also a Member of Congress, and employed in the Civil War by Division Quarter-Master Colonel James Dunlap, the big fine looking man.

Yes, yes, they are Col. William Weatherford and Capt. Wyatt, and Capt. John L. McConnel, and others who went to Mexico, that crowd bunched up together.

But they have stopped for the night. Let's go and get a drink. Then see if Major I. R. Simms will let us have some supper, at The Western House.

LOCAL CITIZENS GOING TO WAVERLY PICNIC

Chamber of Commerce Plans for Big Delegation to Tri-County Gathering—Committee of Arrangements Named.

The members of the Jacksonville Chamber of Commerce have been invited to attend the Tri-County picnic at Waverly on July 28th in a body. The invitation comes thru George B. Kendall, Farm Adviser of Morgan county and has been accepted by the board of directors of the Chamber of Commerce. Rotary and Kiwanis members have also been included in Mr. Kendall's invitation and they have accepted.

Action on the matter was taken Tuesday when the committee on committees of the chamber appointed the following to plan and carry out an automobile trip to Waverly and to try if possible to show the citizens of Waverly and surrounding country a real delegation of Jacksonville citizens. The committeemen appointed included John W. Larson, general chairman, W. J. Brady, Arthur Cody, Frank Byrns, L. E. Dapp, Wm. Benson, Francis R. Rantz, Ben Roodhouse, Roy Potter, Walter E. Spoons.

It is planned to have as many cars as possible assemble on the public square at 10 o'clock on the morning of the picnic where they will be decorated with banners, slogans and flags. The cars will depart loaded with members promptly at 10:30 at intervals of three minutes after the pilot car has departed. The delegation will arrive in Waverly before noon and will be just in time to partake of the big picnic dinner which will be served around 12 o'clock.

This promises to be a very enjoyable affair and offers a great opportunity to get acquainted with the people living in that part of the county and to renew old friendships.

If you want a Gas Range that saves money in Gas, saves the cook's time, makes less work, call at BRADY BROS. and see the Quick Meal in operation and have the factory representative explain the many advantages.

TWELVE WERE VICTIMIZED
The \$24.00 bogus check man certainly made a good haul. It now appears that there were twelve victims of his rascality who have owned up and how many more are keeping still no one can tell. The fellow went into one store and called for a certain article and after examining it carefully pronounced it just the thing he wanted and was sure the house would sell more of them. He said work would soon begin on the hospital for the Sisters of the Holy Cross and there would be quite a bit of trade brought to the city.

Gas Ranges at prices that are right. All kinds from Hot Plates to the finest White and Blue enameled ranges at BRADY BROS.

NOVEL STAMP SALE ARRANGEMENT
J. A. Long, at his east side drug store, has a novel way of selling stamps as they are frequently called for. He puts a lot of ones and twos in a box and the money box along side and puts people on their honor to take what they want and place the money in the box. He has had it going several days and so far is out but two cents which he feels is doing very well.

FORMER RESIDENT PASSES AWAY
John W. Merrigan received word here Monday night of the death of Mrs. Charles O'Brien which occurred in Chicago Monday. Mrs. O'Brien formerly made her home in Jacksonville and has many friends in the city. Her husband, Charles O'Brien, who preceded her in death several years ago, was formerly an employee at the Jacksonville State hospital. Mrs. O'Brien is survived by three daughters, Miss Mame and Rose O'Brien and Mrs. Des Cleahan, all of whom reside in Chicago now. Mrs. O'Brien made here home at the time of her death at the home of Mrs. J. G. Kuppler at the parsonage on East College street.

Lovelier Fabrics for a Lovelier Summer

WAS there ever a Summer when you needed so many clothes? Or when fabrics were so tempting—the prints with their prim little patterns, organdies deliciously colored, dotted swisses like mounds of snow, and crepes, voiles and mulls soft as cobwebs?

Just as you are sighing a bit wistfully, our piece-goods department surprises everybody with sweeping values. Not to be outdone, our pattern counter makes known a wonderful new invention—

The DELTOR
—with every new Butterick Pattern Saves you 50c to \$10. on material alone

By three simple steps, the Deltor transforms the frock you make into a "creation."

First, it shows you how to lay your pattern in your size, in every suitable width of fabric, so skillfully, so economically that you use 1/4 to 1 1/2 yard less material than you ever used before.

Then it gives you a simple, step-by-step picture guide for you follow in putting one garment together. So simple is it to follow that every perplexing problem of putting together is answered, and your garment attains the line and charm that you so often admired in the creations of expensive modistes.

And finally, one of the most important problems is answered. Each detail of finish, each perplexing question of adornment, so simply told to you that you unconsciously obey, and your gown is well entitled to the stamp of "Paris."

CLAIMS MAJOR BRUCE CAMPBELL WAS GIVEN MONEY

Mrs. Bergdoll Says Her Son Gave Him \$5,000 for Higher Ups

WASHINGTON, July 19.—The direct charge that five thousand dollars was paid to Major Bruce R. Campbell, an officer of the army, for use among "the higher ups" to obtain the release of Grover Cleveland Bergdoll, her slacker son, was made today by Mrs. Emma C. Bergdoll of Philadelphia to a house investigating committee.

Having heard the charge, the committee developed that on February 10 last year about ten days after Mrs. Bergdoll swore the money was paid, Campbell deposited four or five hundred dollars with Wassermann Brothers, members of the New York Stock exchange, and two thousand dollars more on March 3, all of which and more was wiped out by the end of June in margin trading.

The money was deposited to the joint account of the major and Laura E. Campbell, supposedly his wife.

Major Campbell, who enlisted as an army private in 1901 and served overseas with the Rainbow division, and who was Bergdoll's counsel in court martial proceedings was not present at the hearing. He previously had held that as did not get one dollar of Bergdoll money, but at the direction of the committee the war department has ordered him here from camp like, A. K. A. to answer charges.

LEGION WILL PROTECT THE GOVERNMENT

Indianapolis, Ind. — National headquarters of the American Legion has taken steps to prevent misuse of government benefits for ex-service men, according to a statement made recently by Lemuel Bolles, national adjutant.

"It has been brought to our attention that a few men have deliberately falsified claims for compensation, vocational training and medical treatment," said Mr. Bolles. "Considering the large number of wounded veterans who are entitled to every benefit the government can give, the number of imposters is not large. But, few as they are, their action works a hardship on the disabled."

"Cases of deception have been more numerous lately, due to the rush of claims, following the Legion's fight for government efficiency. However, the Legion will find time and means to expose any imposters who come up for assistance in pressing their claims."

All Legion posts have been instructed to furnish government bureaus with information they obtain about men concerning whose disability any doubt exists. The post activities in favor of the genuinely disabled will continue.

Reva, Estonia.—The Petrograd Soviet has decided to distribute to the workmen there all of the household furnishings left in homes abandoned by Russians who have fled from the city, and also to permit the workmen to live in the houses in the best state of repair.

At Moscow recently some 20,000 "brain workers" were moved to less comfortable quarters to permit the "hand workers" to occupy their homes.

MEMBERS OF LEGION TO VISIT IN FRANCE

Have Accepted Invitation From President Millerand — Many Ceremonies Will be Carried Out.

New York.—(By A. P.)—The 250 members of the American Legion, who will visit France in August and September at the invitation of President Millerand, will represent every section of the United States and all arms of the fighting forces in the war. Every state will have its quota and if possible every combat division will have representation, says an announcement by the Legion.

A fixed quota, based on Legion membership, has been allotted to each state. Not all who have asked to be included can go but it is the purpose of Franklin D'Olier, the former National Commander of the Legion who is in charge of the pilgrimage, to make the party "a cross section of our former fighting forces." Selection of the members is in the hands of the state organizations of the Legion.

Details of Tour Made Public

Details of the tour in France which have just been made public show that the Americans will visit again the principal American battlefields, attend various dedicatory ceremonies and will be entertained by numerous receptions.

The party will sail aboard the steamer George Washington on August 3 and will return about the middle of September. The principal events of the visit will be the dedication at Flirey of a monument to the American army, which is the gift of the French municipality and the people of Lorraine; and the laying of the corner-stone of the new bridge "Pont Roosevelt" over the Marne at Chateau Thierry.

President Millerand, Premier Briand and the marshals of France are expected to be present at the ceremonies at Flirey. Flirey is familiar ground to the A. E. F. It is situated in the old Toul sector which the American troops took over in 1917. The large itself is only 2,000 yards from the old front line of the sector which was held at one time or another by 17 American divisions.

Another reception of note to the Americans will be by the little town of St. Die in the old Luneville sector, also long held by Americans. St. Die's claim to special attention in light of the Legion visit rests on the fact that in St. Die stands the house in which the continent of America received its name. It is the one-time abode of Waldsee-Muller, the Alsatian monk, when he wrote the letter suggesting that the new world take the name of the Italian navigator, Amerigo Vesputi.

Marshal Foch will be "at home" to the visiting Legionnaires. He will receive them in the house in which he was born in the town of Taubes in the Pyrenees mountains.

There will be receptions to the pilgrims at Paris, Bordeaux, Toulouse, Lyon, Metz and Strasbourg. At Verdun the party will sleep in the famous citadel.

Dedication of Statue.
At Rheims the veterans will attend the presentation of the 300,000,000-franc gift of the Carnegie foundation to the city library there. At Blois, St. Jeanne D'Arc will be honored. The Legionnaires will witness the dedication of a statue to the French heroine which is the gift of the Joan of Arc committee of New York. Under the terms by which the

Legion accepted the hospitality of the French government, the expenses of the expedition will be borne by the delegates themselves or by the Legion organization.

Mr. D'Olier says that the proposal for the visit has been received with such enthusiasm by the American veterans as to constitute a striking and spontaneous tribute to France as a formerly ally.

"The American veterans feel that the forthcoming expedition marks the entrance of the Legion on the stage of international affairs and that it will tend to knit more closely a mutual understanding among veterans, not only of France and the United States, but of all Allied countries," he said. It shows that in the hearts of Americans who wore the uniform there surely dwells an abiding affection for France and the allies. It is noteworthy that many applications come from men who did not see foreign service during the war."

SECRETARIES TO CONFER BEFORE ACTION IS TAKEN

Government Action of Ford
Offer to Await Con-
ference

WASHINGTON, July 19.—Government action of Henry Ford's offer to take over the nitrate plant at Muscle Shoals, Ala., for conversion into a fertilizer plant may await conferences between Secretaries Weeks and Mellon, it was said today. Mr. Mellon officials said, is regarded as an authority on hydraulic power, adding that Mr. Weeks would probably ask congress for general authority to lease the Muscle Shoals plant in order to facilitate negotiations with Mr. Ford or others from whom offers might be received. Reports that the DuPont interests and several other chemical and power concerns are considering submitting offers for the plant have reached Washington.

Mr. Ford's scheme for providing fertilizer cheaply to farmers, it was said, would benefit the whole country and be of weight in determining the government's attitude. It has been estimated that about twelve millions of dollars would be needed to convert the plant. Ford also offered today \$1,500,000 annually for 100 years and \$5,000,000 dollars in cash for the same purpose.

GIRL CANNOT TELL HER NAME

DENVER, Colo., July 19.—At the Denver city and county hospital is a pretty young woman, about 19 years old who apparently does not know who she is or where she lives. After fainting in the internal revenue office here a week ago today the girl was taken to the hospital. All efforts to identify her have failed.

Every effort has been made by hospital physicians and nurses to make the girl remember her name and where she came from, but without success. The young woman bears evidence of refinement. She is about five feet three inches in height has dark hair and hazel eyes. She wears an expensive watch and her nails are well manicured. Her arms and face are tanned by wind and sun. She frequently pleads: "Do not let them get me again," and asks frequently for her mother.

Illinois Man Succeeds Representative Good of Iowa

WASHINGTON, July 19.—Representative Martin B. Madden, Republican, Illinois, who today was elected chairman of the committee on appropriations of the house, succeeding Representative Good of Iowa, stands sponsor for a joint resolution introduced by him shortly after his selection proposing an amendment to the constitution giving the president power to veto any provision or item in an appropriation bill.

In a formal statement Mr. Madden said the operation of the budget system would make the appropriations committee of still greater importance.

"The biggest thing before the country today is economy of expenditure without destroying efficiency or government service. The burden of taxation is so great now that everybody feels it and it must be lifted without injury to the government and the government should see to it that it takes as little as possible out of the earnings of the people, who are its working partners."

COWBOYS INTEREST BIG CROWDS IN CHICAGO

The rodeo and roundup at Grant Park in Chicago continues to attract a great deal of attention. This cowboy and wild west performance in Chicago has special interest here because several of the best performers have been engaged for the local roundup. The Tribune in a story yesterday of one performance said: Several thousand persons saw Mike Hastings of Cheyenne, Wyo., "bulldog" a steer, in nine and four-fifths seconds the annual cowboy contests in Grant Park yesterday. His time was within two-fifths of a second of the world's record. Hastings is now leading with the best average in the race for the world's championship in this event.

Hank Potts of Los Angeles was injured when the horse he was riding in the saddle bronc contest carried him into the fence. He may be out of the rest of the contest.

GRAND JURY WILL BEGIN WORK TODAY

Springfield, Ill., July 19.—The grand jury investigation of the state treasury which is to resume at 10 a. m. tomorrow is expected to end tomorrow or Thursday, according to reports tonight. Although several witnesses were to follow State Treasurer Miller and his chief assistant, Harry Lethers, it was said that their testimony will consume only a short time and the twenty-three men comprising the jury will probably ballot before the day closes, or early Thursday.

CORONER'S JURY RETURNED VERDICT

Council Bluffs, Iowa, July 19.—A coroner's jury tonight after hearing testimony in the death of Walter Baldwin, a mail truck driver who was supposed to have been killed by holdup men several days ago returned an open verdict and no attempt was made to fix responsibility for the crime.

After the death of Baldwin, officials expressed belief that he had been murdered.

GRAIN GROWERS WOULD PLAN USE OF ELEVATORS

Will Try to Arrange to Use
Property of Co-Operative
Exchange

ST. PAUL, July 19.—The board of directors of the United States Grain Growers, Inc., is now working out an agreement with the Cooperative Exchange, with a view to using the elevators and other physical properties of the exchange for the handling of grain contracted for by the National Grain Growers organization. C. H. Gustafson, president of the United States Grain Growers, Inc., announced at the conference of representatives of twelve mid-western farm bureaus today.

If the contract now being discussed, he said, materializes, part of the grain movement contracted for by the grain growers organization will be handled through the elevators controlled by the exchange but under direct control and supervision of the newly formed grain growers selling agency.

The announcement of Mr. Gustafson followed a discussion of representatives on the relationship of the grain growers' organization to the farm bureau federations and the plan of marketing grain through the organization in the northwest sales zone. The zone includes Minnesota, Wisconsin, North Dakota and Montana.

Mr. Gustafson said that under the original plan as worked out by the committee of seventeen the new national sales agency required the cooperation with all cooperative marketing agencies in the disposal of grain.

The conference will continue tomorrow.

MAY BE ABLE TO SOLVE MYSTERY OF AUTO VICTIM

Witnesses Claim Saw Dead
Man Beaten Unconscious
in Fight

WAUKEGAN, Ill., July 19.—A clew which may help in solving the mystery surrounding the identity of a man found slain beside the road near Libertyville, Ill., was obtained by the police today. There were two bullet holes in the body of the victim and he had apparently been badly beaten before being thrown out of an automobile.

The witnesses told of seeing a touring car containing several men and women stop in Waukegan on Saturday night. The men it was said were quarrelling and two stepped from the car to engage in a fist fight in which one of them was beaten unconscious. The victim according to witnesses who answered the description of the slain man was then thrown back into the car which sped away toward Libertyville.

One of the witnesses said that the car bore Illinois license No. 215,145 which was listed as being assigned to L. W. Popp, 20 West Jackson Boulevard, Chicago. The Chicago police have been asked to investigate.

REPORTED ROBBERY; JAILED BY POLICE

Chicago, July 19.—Harry Preston of New York, a jewelry salesman, who claimed to have been robbed of watches valued at \$65,000 which he left in his room in a hotel, and who was held by the police over Monday night, was released today on a writ of habeas corpus. The police declared that they did not believe Preston's story that he had been robbed, but failed to produce any evidence to substantiate their suspicions in court.

ALLEGED DIAMOND ROBBER ARRESTED

Oklahoma City, Okla., July 19.—J. W. Haas, alleged to have been implicated in a recent theft of one hundred and twenty five thousand dollars worth of diamonds from a jewelry salesman at a local hotel has been arrested at Wewoka, Okla., and will be brought here tomorrow, according to information received here today.

VETERAN A. P. EMPLOYEE DEAD

Omaha, Neb., July 19.—Guy R. Pritchard, 42, traffic department representative of the Associated Press here and a veteran employee of the organization, died at a local hospital early today. He was stricken with apoplexy Sunday morning and never regained consciousness.

FARMER ACCUSED OF MURDERING MOTHER

Hayward, Wis., July 19.—E. L. Hill, farmer, is in jail here charged with killing his mother four years ago and sinking her body in Squaw Bay, a part of Round Lake. After the mother disappeared relatives and neighbors became suspicious. Many searching parties were unable to find any clues and the affair was dropped. Last week, however, Indians found bones in a boat sunk in Squaw which led to the arrest.

REQUEST EXPULSION OF LEGION POST

Shreveport, La., July 19.—Condemnation of the action of the Sol-Sai-Mar Post of the American Legion at Chicago in endorsing Jack Johnson, negro ex-heavyweight champion and request for its expulsion from the national organization are contained in a letter forwarded today by E. A. Bacon, adjutant of Shreveport Post No. 14, of the American Legion.

HAYS HAS IMPROVED RAILWAY MAIL SERVICE

CHICAGO, July 19.—Conditions in the railway mail service have been greatly improved recently, according to the opinions expressed today by delegates to the convention of the National Railway association of the sixth division comprising Illinois and Iowa.

"Since Will Hays became postmaster general there has been a wonderful change in the railway mail service," said H. L. Roper of Chicago. "His efforts to humanize the service have had a wonderful effect on the morale of the men. There is new life in the service and every one is now eager to work and consequently people get better service."

J. S. Botkin of Galesburg, Ill., was elected president of the sixth division.

BOY DROWNED IN Y. SWIMMING POOL

Beloit, Wis., July 19.—Harry Waley, 13 years old, was drowned in the Y. M. C. A. swimming pool today, his body being found twenty minutes after his class had left the pool.

MASKED MEN TAKE PRISONER FROM OFFICERS

Tanah, Texas, July 19.—J. W. McKnight, of Nacogdoches, while being taken to Custer, county seat of Shelby county, by a deputy sheriff following his arrest here tonight on a charge of carrying concealed weapons, was seized by a party of masked men, after his guard had been overpowered, and whisked away in a motor car.

CROPS WILL BE GREATER THIS YEAR

Will Also be More Diversified—
Statement Issued by the Standard Farm Bureau.

CHICAGO—(By A. P.)—Crops this year will generally be plentiful and their diversity greater than ever before, according to reports from presidents of 30 leading railroads and a number of agricultural publications gathered here by the Standard Farm Bureau. The reports, in great part for July 1, are thus summarized by the agency:

"Conditions of crops throughout the territory served by the Illinois Central is very satisfactory and indications point to a normal yield. The wheat harvest has been completed in many sections and threshing begun. Reports indicate that the yield will be slightly better than the average, corn making an excellent growth and the condition of oats, barley and rye being satisfactory.

"Wheat has been cut and threshing commenced. The condition was much better than the average and a large yield is expected, says the Wabash and there are similar reports from the Chicago & Alton, the Chicago, Rock Island & Pacific, the Chicago, Great Western railroad and the Atchafalaya, Topeka and Santa Fe. The Rock Island lines estimate the Kansas wheat crop at between 113,000,000 bushels and 130,000,000 bushels. The rice crop in south Texas shows a good growth and reports indicate a heavy yield, the Rock Islands adds.

"The Chicago and Northwestern road and the Chicago, Milwaukee and St. Paul report winter wheat a good average over their entire territory with crops about two weeks ahead of normal.

"Conditions in Iowa are practically perfect, reports the Chicago, Milwaukee and St. Paul. There is plenty of moisture and all other crops are doing well. In its Trans-Missouri division, the weather has been very favorable for crops throughout the Missouri Division, northern Montana, the Rock Mountains and Idaho and Washington.

"Corn is splendid and gives every promise of a good crop," declares the Santa Fe. "Cotton is showing a good growth, and an increased demand during the last month or two from both domestic and foreign consumers has rapidly absorbing that portion of last year's crop which has been in storage. In southern and eastern Texas and Louisiana, rice is satisfactory and truck crops are turning out well. Cantaloupes and sugar beets in Western Kansas, Colorado and New Mexico are developing rapidly. The second and third cuttings of alfalfa in parts of our territory are making better yields than the first crop."

"Orange and lemon groves in California are finding a ready market for their fruit at attractive prices and the movement to eastern markets in excess of that of a year ago."

"On the eastern section of its lines, the Pennsylvania Railroad system reports wheat equal to last year, corn doing well, with an unusually large acreage of potatoes. On the western portion, wheat, corn and oats are normal with the wheat harvest about two weeks earlier than usual. The New York Central lines say the general crops will be good but that early fruits and vegetables were damaged some by frosts.

"In New England, the rains serious deterioration of pasture lands and the hay crop, the Governor and Maine. "Grand reports. Fruits will be light. Massachusetts has a good supply of peaches but a few apples. Corn is normal. Tobacco is normal but was slow in starting.

"There is a reduction of acreage of cotton and tobacco amounting to about thirty per cent in the territory of the Atlantic Coast Line, which is offset by the increases in sweet potatoes, early fruit and truck crops. The south is undergoing an economic change that will, is continued for a few

years, make her farmers independent," reports the president of the railroad.

"Peaches and watermelons in profusion is the story from the Carolinas told by the Seaboard Air Line railroad. Tobacco and cotton acreage shows a decrease while grains and forage crops are normal. The supply of citrus fruits from Florida will be about the same as last year, the railroad reports.

"The editors of the agricultural publications heard from report as favorably on the condition of the crops and see improvement in the economic condition of the farmer over last year."

OBSERVE FESTIVAL OF THE WESTERN DRAUGHT

Rothenburg, Bavaria—(By A. P.)—Thousands of visitors gathered at Rothenburg this year to attend the historical festival, "The Master Draught," which is given annually in celebration of the preservation of the historic old town from destruction when Tilly captured it in 1631, after the surrender and retirement of Gustavus Adolphus forces, which cooperated with the villagers.

"After the Passion Play, which is given every ten years at Oberammergau, the Rothenburg festival is probably the best known of all the Bavarian folkplays. Nearly all the 7,000 inhabitants of the picturesque walled town participate in the brilliant festival which continues through most of the day.

"The play opens in the valleys surrounding the fortified city. By degrees the actors make their way to the city gates, enter the narrow streets and finally terminate the performance in the city hall, where Burgomaster Nusch saved the town from destruction by taking three liters of wine at one draught in response to the challenge of Tilly.

Every day at noon the residents of Rothenburg are reminded of Burgomaster Nusch's feat. When the great town clock in the city hall square sounds 12, doors beside the timepiece open and life-sized figures of Tilly and Nusch appear. The burgomaster lifts a goblet to his lips and when it is emptied the two figures disappear.

HOUSING PROBLEM HITS CITY OF ROME

Rome—(By A. P.)—Rome will become a city of odd appearance if the plans for the solution of the housing problem proposed by some Italian engineers are put in operation. The proposal is to build on the flat roofs of most of the buildings in Rome light houses of three and four stories.

The engineers have played their ideas before Henry Coit MacClean, United States Commercial Attache to the American embassy. They have asked American capital become interested in the project. The material for the whole of the scheme, according to the engineers' suggestions, would come from America because of the adaptability of American light construction methods in the choice of materials and means of assembling.

Mr. MacClean has succeeded in interesting several American business men in the project and other projects along the line of building construction in Rome.

EXPORTATION OF WINES AND LIQUORS

Paris—An increase in the exportation of wines and liquors from France in the first quarter of this year as compared with the same period of 1913 is a surprising discovery. In the meantime France has lost two of her biggest customers for wines and brandies, Russia and the United States.

Of the brandies and liquors Germany took about half. Argentina, Turkey and England followed in that order.

Edmonton, Alta.—(By A. P.)—The gold rush in the Peace River district has "peaked out," according to word brought here by Inspector Hancock of the Alberta Provincial Police at Peace River. The rush was strong and enthusiastic while it lasted, the inspector reported, but little gold was found.

CAPITAL STOCK TAX REPORTS DUE IN JULY

Collector Schwaner Calls Attention to Law Which Requires Filing by Last Day of Month.

July 31 is the last day for filing returns of the capital stock tax. To avoid penalty, the returns must be in the hands of collectors of internal revenue on or before midnight of that date.

Blank forms are available at the office of Collector of Internal Revenue G. W. Schwaner, Springfield, Illinois and the following branch offices: East St. Louis, Cairo, Centralia, Danville, Decatur, Bloomington and Quincy.

The capital stock tax is a special excise tax imposed on corporations with respect to "carrying on or doing business." The tax on domestic corporations is \$1 for each \$1,000 or so much of the fair average value of its capital stock for the preceding year ending June 30 as is in excess of \$5,000. Foreign corporations are required to pay a tax at the rate of \$1 for each \$1,000 of their capital stock employed in the transactions of business in the United States without the benefits of the \$5,000 deduction. The tax is payable in advance, returns filed in July this year covering the taxable year beginning July 1, 1921 and ending June 30, 1922.

The Bureau of Internal Revenue estimates that approximately 325,000 such returns will be filed, and that the amount of revenue collected from this source will be approximately \$90,000,000.

Returns are required of every domestic corporation regardless of the par value of its capital stock, and of every foreign corporation irrespective of the amounts of capital employed in this country in the transaction of its business. Certain corporations not organized for profit are exempt from capital stock tax. The class of organizations entitled to the exemption is described in regulations 50 revised, copies of which may be obtained at the following offices: Springfield, East St. Louis, Cairo,

Centralia, Danville, Decatur, Bloomington and Quincy. Corporations claiming exemption are required to file returns setting forth their reasons for such claims, accompanied by evidence in support thereof.

If, because of lack of complete data or other reasons than illness or absence, it is impossible to file a complete return on or before July 31, a tentative return may be filed, reporting the approximate fair value in order that a final assessment may be made thus avoiding penalty.

The penalty for failure to file a return within the time prescribed is an added assessment of 25 percent of the amount due, unless it is shown that the failure was due to reasonable cause and not to neglect.

In addition to the added assessment a fine of not more than \$1,000 is provided for failure to make a return on time. For willful refusal to make a return, willful evasion of the tax, willful refusal to supply information requested by the commissioner, or attempting in any way to evade the tax and payment when due, the penalty is a fine of not more than \$10,000 or imprisonment for not more than one year or both.

With a view to the prompt collection of the capital stock tax, and for the convenience of the taxpayer as well as the government, the Bureau suggests that corporations submit checks with the returns for the amount of tax due. This method is appealing to corporations as it lessens liability to penalty.

Social Events

Orleans Country Club Met Tuesday

The regular meeting of the Orleans Woman's Country club was held Tuesday afternoon at the home of Mrs. Edward Tindall. There was a fair attendance of members and quite a large number of guests were present, including ten from the South Side Circle. Various matters of routine business were transacted, and the program included two excellent papers, one by Mrs. A. A. Curry on "What Has America Done for Her Island Possessions," and another by Mrs. William Cleary on "Training for Citizenship." The president, Mrs. Clark Stevenson, was unable to be present and the vice president, Mrs. Harry Rice presided in her stead. The program included several delightful musical numbers.

At the conclusion of the program came a pleasant social time and the serving of refreshments. The club will meet next on August 2 at the home of Mrs. William Cleary.

Home Missionary Society of Grace Church

The July meeting of the Grace Church Home Missionary Society was held with Mrs. F. H. Rowe, 1151 W. State St. Assistant hostesses being Mrs. W. B. Rogers, Mrs. R. Shoemaker, Mrs. L. B. Spires.

Miss S. E. Groves was in charge of the devotions. After the reading of scripture Mrs. E. T. Mendel of Emporia, Kansas, offered a fervent prayer.

Reports from the various officers were read and approved. The president appointed the following committees for the next year which begins in October:

Nominating—Mrs. Dora E. Lowdermilk, Mrs. J. F. Berry, Miss Allie Marsh and Mrs. Jas. Graham. Literature—Mrs. Chas. Hopper, Mrs. E. D. Canatsey, and Mrs. E. D. Herald.

The program of the afternoon was given by Miss Olivia Dunlap who on account of her connection with the Home Missionary work at Ellis Island gave a graphic account which was very interesting. She spoke in a complimentary way of one of the members of the Home Missionary society, Miss Robertson, being now a member of our congress and how she had taken with her to Washington two Indian girls who are studying to be nurses.

The Blind Alley is not far from the nation's capitol. She said foreigners represent one-third of the people in the U. S. but in the army every third man was foreign born or of foreign parentage. Millions of foreigners cannot read and write.

One grandmother 86 years old is learning to read and she chose the Bible, for she said "what we learn first, we remember best."

In a visit to the hospital Miss Dunlap spoke of visiting Hindu, Polish, Bohemian, Italian, French, English, Russian and Australian. She said the secretary to the Russian Legation was to study at the Hearst University next year. Miss Dunlap referred to the incident, when at a cabinet meeting one of the members wondered if God was on our side and Lincoln arose and said "Are we on God's side?"

In conclusion Miss Dunlap said "May we be on God's side and give these foreigners a welcome."

This excellent address was followed by a beautiful solo sung by Mrs. Beulah Coddington, with Mrs. J. Edgar Martin at the piano. During the social hour appetizing refreshments were served. The August meeting which is to be held with Mrs. T. H. Tall, 830 West College avenue, will be a week earlier than planned in order to avoid the chautauqua dates. The assistant hostesses will be group eleven.

ARRANGE FOR LABOR DAY PROGRAM

Committee of Business Men Will Co-operate With Trades and Labor Assembly.

Acting upon the request of the Trades and Labor Assembly the board of directors of the chamber of commerce authorized the appointment of a committee to assist the labor unions in planning their celebration to be held in this city on Labor Day.

This committee is composed of the following: John Hackett, chairman; George Edmans Jr., W. G. Goebel, J. W. Walton and Sherman Donnan. This body of men will co-operate with the committee from the Central Labor Bureau in working out the details of the celebration and assist them in any way possible.

It is hoped that the Labor Day affair this year will be one of the best events of its kind ever put over in Jacksonville. It is planned to have a great parade through the business district followed by a geed program at one of the parks in the afternoon. There will also be a program of amusements.

DR. PALMER WILL MAKE INSECTION TRIP

Expert Is to Visit Hospitals for Care of Tubercular Ex-Servicemen—Will Represent Government.

Dr. George T. Palmer of Springfield, who recently made an informal offer to lease the Morgan county tuberculosis sanatorium, will leave today on a tour of inspection of government tuberculosis hospitals in the west and southwest.

Dr. Palmer has been delegated by the United States public health service to study the methods of diagnosis and treatment used in the institutions and to recommend any changes and improvements that he thinks worth while. Among the institutions he will visit are those especially maintained for tuberculosis soldiers at Tacoma, Wash., Palo Alto and Camp Kearney, Cal., Prescott and Tucson, Ariz., and Ft. Bayard, New Mexico.

While absent Dr. Palmer will represent the national Tuberculosis association and the United States public health service at two conventions to be held on the coast. The Springfield physician is one of five appointed by the surgeon general to aid in standardizing the methods of government tuberculosis hospitals.

THE KILBOURNE REVIVAL

The Ligon evangelistic party has just closed a successful revival meeting at Kilbourne, Ill., that resulted in ninety conversions, about twenty-five of whom united with the Methodist church and thirty with the Baptist church. The Rev. L. L. Abbott, who formed one of the party, preached a trial sermon for the Baptist congregation last Sunday and is expecting a call to their pulpit. Dr. P. H. Griggs of this city delivered an address last Sunday afternoon to men only, which was highly appreciated and resulted in one conversion. Mr. Linton's next meeting will be held at Garner Chapel. Plans are also being made to secure his services for evangelistic meetings under the tent during the coming session of the Methodist Annual Conference to be held here in September.

ERLER IS KNOWN HERE

There is some local interest in the discharge of Cassius Erler for peddling medical examinations in Illinois from the fact that Erler some months ago was a visitor in this city. At that time he filed charges against P. H. Griggs, chiropractor. In fact, it was he who several times caused the arrest of the local practitioner.

Probably Dr. Griggs is not feeling badly about the action taken against Erler and his brother, both of whom are mixed up in the examination question scandal.

MYERS BROTHERS

AN APPRECIATION OF EARLY CITIZENS

Mayor Crabtree as a representative of the city government of Jacksonville recently received from Miss Abigail Brown Tompkins and Miss Emma Louise Tompkins of South Orange, N. J., an artistic little folder in memory of early residents of Jacksonville.

On the front page is a beautiful little water color designed and painted by Miss Abigail Tompkins. The lines within the folder read as follows: "Presented to the city of Jacksonville, Ill., in memory of their distinguished citizens, Mr. and Mrs. King, who did so much for the cause of negro equality before and during the war when Mr. King was one of the merchants; also in memory of their daughter, the late Mrs. Emma Mabel King Dwight, wife of Mr. John Elihu Dwight of New York City and Falmouth, Mass., who followed in the footsteps of her parents, and thruout her life helped and encouraged many artists, musicians, authors and others, to attain success."

"Sent with the good wishes of Miss Abigail Brown Tompkins and Miss Emma Louise Tompkins, South Orange, N. J., July 19, 1921."

FUNERAL NOTICE

Funeral services for Elbert J. Crabtree will be held at 2 o'clock this afternoon at the private cemetery and will be of private nature. Rev. S. H. Kuntz, pastor of the Christian church, will be in charge of the services.

WILL ENJOY VACATION TRIP

"Say is That the Truth?"

"Say, is that the truth?"

"Sure it is."

"Do you mean to tell me you got that good-looking photo album, pencil and art corners all for a dollar and a half?"

"Sure I do."

"Well, what was the matter with them?"

"Not a thing; the store had just bought a lot at a special price and were giving a white pencil and package of corners with each album. You know the pencil writes white and the corners hold the pictures in."

"And all for a dollar and a half? Say, I'd like to know where that store is."

"Well, its that Drug Store on the east side of the square, next to Rabjohns & Reid's. Coover's is the name."

"I'll sure go look at them anyway. Good-bye."

"Good-bye, Kate, don't forget the place."

sang "Home Sweet Home." A solo was also rendered by Mary Davis. A salute was fired above the grave and taps sounded at the conclusion of the impressive service. The beauty and profusion of the flowers testified to the respect and esteem in which the young man was held in the community.

Telegrams conveying the news of young Widmayer's death came as a great shock to relatives and the community in general. Let- ters had been received from him within a few days of his death, which was the result of an accident. Official reports indicated that the young man sustained a fractured skull when thrown from a truck, his death coming soon afterward.

The deceased was a son of Mrs. Margaret Widmayer and was born and reared in this city. He was twenty years of age at the time of his death. He is survived by his mother, now resident in Rock Island; one sister, Mary, of this city and one brother, Ernest Widmayer, of Quincy. There are numerous other relatives surviving.

Warren-Wilson Nuptials.
The marriage of Miss Ella Wilson of this city and Prof. C. L. Warren of Mansfield, Pa., occurred at the home of the bride's father, D. D. Wilson, in this city Saturday, June 15 at 4:30 p. m. The ceremony was performed by Rev. C. E. French, in the presence of the members of the family.

Miss Wilson has always resided in this city and for a number of years has been supervisor of music in the public schools. Her musical talent and her pleasant personality have won for her many friends. Prof. Warren is attending a summer school at Ann Arbor, Mich., and at the close of the term will return to Mansfield, where he and his bride will be at home to their friends September 1.

R. R. Long has resigned his position as agent at the B. & O. office in this city and has purchased the "cash and carry" grocery store from Messrs. Reidel & Hare. He entered upon his new duties this week. Mrs. Herbert Hitt of Springfield is temporarily acting as agent at the station.

The Royal Tigers of Springfield met the Virginia merchants at the Dooling ball park in this city Sunday. The visitors met defeat, the score being 18 to 2 in favor of the Virginia team. This is their second victory over the capital city boys.

Mrs. Arthur McDonald of Pana was a week end guest at the home of Mr. and Mrs. Arthur Selker in this city.

Vernon McNeeley of Peoria is spending the week with relatives and friends in this city. The Chicago children who are guests of members of the Church of Christ in this city are greatly enjoying the hospitality of their hosts. All are regretting that the time for departure is so near at hand.

Evangelist Linton will commence an evangelistic meeting at Garner Chapel July 24. Rev. Mr. Linton recently conducted a series of very successful meetings in Jacksonville.

There are a number of cases of whooping cough in this city. Mr. and Mrs. W. F. Trimble returned yesterday from Girard, where they attended the funeral of a friend.

Miss Agnes Campbell of Girard has been the guest of her friend, Mrs. Earl Smith, the past week.

Mr. and Mrs. Henry McDonald returned home Sunday from a two weeks' visit at Quiver Beach.

D. D. Wilson will dispose of his household goods at auction Saturday, prior to his departure for his new home in Denver, Colo.

WHITE HALL CHURCH NOW HAS NEW PASTOR

Rev. Charles Ross Enters Upon
Pastorate of Christian Church—
Union Service Sunday Evening
Largely Attended.

White Hall, July 18.—Rev. Charles Ross, the new pastor of the Christian church, made his initial appearance Sunday in his new relation and he begins with a most favorable impression upon his people. He occupied the pulpit both morning and evening. In the evening there was a union service, the choir being made up from all the churches. The welcome address was by Rev. O. A. Carman of the First Baptist church, to which Rev. Ross most fittingly responded. Prayer was offered by Rev. J. O. Kirkpatrick of the Methodist church, and the scripture reading was by Rev. Lee A. Hanchett of the Presbyterian church.

The new pastor comes from Winnipeg, Canada, to White Hall, where he held a pastorate about four years. He is only 28 years of age, and originates from Fairbury, Illinois, being educated at Eureka College. He and his wife are both pianists, the latter also being a vocalist.

There is every reason to believe that he is the type of minister who will get results in a community like White Hall, and the favorable impression he has made at the outset has won for him the good will of all classes of citizens.

AUTOISTS HAD NARROW ESCAPE IN GREENE COUNTY

White Hall, July 18.—A west bound extra freight on the C. & A. demolished a Hudson car at the McClay highway crossing midway between Drake and Hillview at eight o'clock Saturday. The car was being driven by Michael Spike of Springfield. His engine died on the crossing with the near approach of the freight train, and efforts to shove it off were unavailing. Spike was accompanied by his wife, en route to the Illinois river on their weekly fishing trip, and they escaped injury. They were later brought to White Hall by a following car, and boarded a train for Springfield. The freight train was in charge of Conductor H. G. Alexander, mayor of Roodhouse. The auto is a total wreck.

HOUSEKEEPERS' CLUB IN MONTHLY MEETING

The regular monthly social of the Housekeepers' club of Westminster church was held at the home of Mrs. Samuel I. Davis on Woodland place Tuesday afternoon, with Mrs. Smith, Mrs. Kulp, Miss Castle and Miss Hegarty as assisting hostesses.

A state and flower contest was held in which Mrs. Walter Rabjohns, Mrs. W. L. Brady and Miss Louise Holmes were prize winners. Miss Elizabeth Russell was the winner of a paper-cutting contest.

Mrs. Kulp and Mrs. Smith, who were guests of Mrs. Davis, furnished music for the occasion. Refreshments were served at the close.

TWO FAVORITES ARE DUMPED AT KALAMAZOO

Jim B. and Prince Loree Are Dis- tanced in the 2.11 Pace— Stokes Finishes First in Two Events.

KALAMAZOO, Mich., July 19.—The feature of the opening day at the grand circuit races at

Recreation Park was the dump- ing of the two favorites, Jim B. and Prince Loree outside the distance flag in the Park American Hotel Purse for 2:11 pacers the big event of the day's racing. Jimmie McKerron won the race in straight heats while the favorites went to smash. Jim D. broke at the first quarter of the first heat and was given the flag while Prince Loree, received the same treatment in the second. The losers as a result of their early season showing at Toledo and North Randall were top heavy favorites.

Peter Bieler, the favorite in the 2:18 trot, had no difficulty in win- ning that event in straight heats with Arcola and Princess Nedena trailing. Tommy Murphy, pilot- ed Brooke Worthy to victory in the 2:07 trot. In the opening heat, the field was bunched com- ing to the wire but the Brooke horse had the edge. In the fol- lowing heats the favorite had no difficulty in finishing ahead of Wiki Wiki.

Kokomo George won the first two heats of the 2:07 pace and finished second to Logan Hedge- wood in the third from a field of four starters. The crowd was the largest that ever attended an opening day meet in this city.

CHAMPIONS MAKE IT THREE OUT OF FOUR

Defeat Washington in Last Game of Series 6 to 4—Erickson Ef- fective Until Fifth

CLEVELAND, O., July 19.—Cleveland made it three out of four from Washington today win- ning 6 to 4. White Erickson passed eight batters he was unhit- table with men on the bases until the fifth. Catcher O'Neill made his reappearance behind the bat, first time since Memorial Day while Bagby went to the box for the first time since July 4, both doing relief work.

TO STARVED ROCK ON BICYCLES

Harry Walker and Henry Bos- ton, both of Jacksonville, are now on their way to Starved Rock on bicycles. They left Jacksonville about one o'clock Tuesday morning, and arrived in Spring- field about six. They rested there for a short time before con- tinuing the journey. It was their plan to do most of the riding early in the morning and late in the evening.

The cyclists carried complete camping outfits, expecting to sleep under little tents at night, and to cook their own meals.

LOCAL TEAMS OPEN FIVE GAME SERIES

White Sox and Indians Will Play Series Beginning Sunday After- noon—Several Former Indies With White Sox.

Sunday afternoon local fans will see Frank Smith's Indies and Charley White's White Sox hook up in the first of a five game series. The other games will be played during the season but the dates have not yet been fixed.

The White Sox have been play- ing some fine ball recently and have victories to their credit over some of the best teams in this section.

In their lineup will be found several former Indies, Cox, Mor- row, Seymour and even Manager White himself who was a mem- ber of the Indies for several sea- sons. They will all work hard to defeat their former teammates. Both clubs have large follow- ings and with good weather there should be one of the largest crowds of the season in the park when the umpire calls play ball. Seymour or Morrow will pitch for the Sox and Zell catching while it will be Padgett or Hubbs for the Indies with Clark receiving. The remainder of the lineup will be given later.

Manager Smith also announces that a series of games have been booked with Beardstown and

Roodhouse. The Beardstown team has been reorganized and has Stocker and the two Baujans formerly with Rushville in the lineup.

Manager Smith has called a practice for 5:30 o'clock Friday afternoon for the Indies and wants a full attendance as the game Sunday promises to be a hard one.

The standard tire likes nothing better than to prove its service

PEOPLE used to be se-cretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticise such abuse of tires. A mark of the growing con- sciousness about tires—their service, their work, their value.

This same respect for a good tire is the reason why the four- square tire dealer has passed up odds and ends, "job lots", "sec- onds", "cut prices"—and come out squarely with the standard quality service of U. S. Tires.

He is getting a bigger, and also bet- ter, tire business than he ever had before. He is dealing now with his own kind

Daily Market Report

BULLS CONTROLLED

THE WHEAT MARKET

CHICAGO, July 19.—Bulls had the advantage in the wheat market today largely owing to indications of continued export demand. The close was unsettled ½c to 1½c net higher with September \$1.28½ to \$1.29½ and December \$1.32 to \$1.32½. Corn gained ½c to 1½c and oats ½c to 1½c. In provisions the outcome varied from 15c decline to 5c advance.

Good buying of future deliveries of wheat for seaboard has generally been taken to mean that export business was in progress. In this connection much attention was given to a current opinion that whereas Europe would apparently require more wheat than last year the United States could not spare so much. Shipments from this country last year averaged one million bushels a day whereas this year the carry over is much smaller, the damage from heat and rust uncertain and Canadian imports unlikely owing to the emergency tariff. Bulls also put stress on reports that country offerings were light and that rains in Kansas and Nebraska had interfered with threshing. Weakness of sterling exchange counted at times as a bearish influence but the effect failed to last. A cargo of domestic wheat was reported having been sold for shipment to Argentina for mixing.

Expectation that vessel loadings here this week would be liberal gave strength to the corn markets. Oats were affected by continued bullish threshing returns. Provisions averaged lower in sympathy with downturns in the value of hogs.

FRESH REACTIONS IN

FOREIGN EXCHANGE

NEW YORK, July 19.—Washington today stimulated trading in stocks. Oils especially the foreign group, early in the session displayed activity, and strength on rejection by the house of the proposed tax on imports, lost ground at mid-day and rallied sharply later.

Rails showed more consistent strength. Low priced as well as major shares advanced irregularly. Steels, equipments, motors and affiliated issues followed yesterday's uncertain course. Heaviness was noted in General Electric, Studebaker and Chandler. Sugars, tobaccos and leathers moved with in restricted areas, more gains than losses being shown at the close. Total sales of 315,000 shares approximated the year's low record for a full session.

Fresh reactions occurred in foreign exchange with the British rate particularly weak. Recovery is followed when dealers reported moderate buying of grain and cotton bills for English and French accounts. Call money exceeded the demand, the 6 per cent rate on the exchange being lowered to 5½ per cent in private negotiations. Similar conditions applied to time funds for which only a nominal inquiry was reported.

Business in bonds was relatively greater than in stocks. Liberty issues showed mixed gains and losses, but most domestic and international groups tended upward. Total sales (par value) \$10,450,000.

Everyone

should spend at least one vacation in "The Land of Wonders"—Yellowstone Park—and see sights and scenes the like of which do not exist elsewhere

Briefly, the attractions are—an incomparable climate, wild animals of numerous species living their natural life (Yellowstone is the largest wild game preserve in the world); magnificent forests; wild flowers of brilliant hues, in great variety and profusion; lakes, rivers, waterfalls (the Great Fall is almost twice as high as Niagara), innumerable rivers and creeks; geysers, mud volcanoes, hot and mineral springs, exquisitely colored pools; mountains and canyons; wonderful hotels, permanent "comfy" camps, an automobile ride that has no counterpart in all the world and—the Cody Road, which has been called "the most wonderful ninety miles in America."

Why not go this year? Take the family! Decide when, then let me make your reservations so you will be sure of accommodations.

SPRINGFIELD PEOPLE VISITORS IN CHAPIN

Party Spent Day in Pleasant Way With Relatives in Chapin—Roy Alderson Arrives From Galesburg—Other Chapin News.

Chapin, July 18.—Miss Margaret Vincent with her friend, Mr. Dobbs journeyed from Springfield Sunday morning and spent the day calling on friends and relatives in the vicinity of Chapin. They were accompanied by Miss Vincent's sisters, Lola, Ila and Helen. Having spent a pleasant day they returned to Springfield Sunday evening.

Miss Ione Coultas spent the week end with Mr. and Mrs. Claude Taylor of Scott county.

Roy Alderson of Galesburg arrived in Chapin Sunday morning and will spend his vacation with his parents, Mr. and Mrs. J. E. Alderson and other relatives.

Miss Esther Ballard has returned to the home of her uncle, Perne Taylor, after spending a week with her cousin, Mrs. Wm. Anderson.

French Anderson spent Sunday with friends in Scott county.

Mr. and Mrs. Bob SENTRY and family of Kewanee, Ill., are spending their vacation with relatives in Chapin.

Miss Dorothy Oehler of Winchester has returned home, having spent the week end at the home of her aunt, Mrs. Ellen Coultas.

Miss Marie Alderson was calling on friends in Chapin during last week spending Wednesday night at the home of her aunt and uncle, Mr. and Mrs. Jeff Duckett.

Author Borchhouse had the misfortune to lose about 30 fine shoots, one hot day during the week. He chanced them into a new pasture and they failed to locate the water, so there was a plentiful supply.

HALL CONVINCED AFTER RIGID TEST

Thought His Case Was Beyond Reach But Feels Like New Man Since Taking Tanlac.

"It was 'goodbye' to all my troubles when I got hold of this Tanlac, and I believe it will do as much for anybody else as it has for me," said Lloyd Hall, of 2855 W. Madison St., Chicago, Ill., well-known salesman at Shulte's Cigar Store, 194 N. State St., for the past two years.

"For a long time my appetite had been so poor I couldn't eat half a meal, and even then I bloated with gas until my heart beat so fast it alarmed me. Indigestion and heartburn kept me miserable and it was out of the question for me to enjoy anything. I was very nervous and my sleep was restless and broken up and I would get up mornings feeling shaky and all in. I lost considerable weight and was so weak and worn out I began to think no medicine could help me.

"However, I wasn't long changing my mind and when I got hold of Tanlac for I felt myself improving rapidly as soon as I got a good start on the medicine, and four bottles have made me feel like a different man. My appetite is as keen as a razor, I eat just anything set before me and never have a touch of heartburn, palpitation or distress of any kind. I am free from nervousness, sleep like a top every night and have put on twelve pounds in weight. I am brimful of new life and energy and feel fine in every way. Tanlac certainly delivers the goods; there's nothing like it."

Tanlac is sold in Jacksonville by Shreve's Drug Store and by leading druggists everywhere.—Adv.

THE HOUSEWIFE OF 1921

Now that Woman's Suffrage is a reality the American woman must henceforth be considered not merely as a housekeeper and home-maker, but as a voter—a citizen and a force in this busy work-a-day world. With added responsibilities her health should never be neglected and when beset with ailments peculiar to her sex she owes it to herself to first give that grand old medicine, Lydia E. Pinkham's Vegetable Compound, a trial, as for over forty years it has been the standby of American women in restoring them to health and strength.—Adv.

NUXATED IRON
Helps make rich, red blood and revitalize weak nerves

IS THIN WATERY BLOOD RUINING YOUR HEALTH?

AND SAPPING YOUR BODILY AND MENTAL VIGOR, LEAVING YOU WEAK, NERVOUS AND IRRITABLE AND MAKING A FAILURE OUT OF YOU? HOW TO TELL

If you suspect you may be suffering from iron starvation, do not wait until you go all to pieces and collapse in state of nervous prostration or until your weakened condition you contract some serious disease, but consult your family physician and have him take a specimen of your blood and make a "blood count" of your red blood corpuscles or test the iron power of your blood yourself by adding plenty of spinach, carrots, or other iron-containing vegetables to your daily food and take organic iron like Nuxated Iron with them for a while and see how much condition improves.

Thousands of people have surprisingly increased their strength, energy and endurance in two weeks' time by this simple experiment. In making this test, be sure the iron you take is organic iron—Nuxated Iron—and not metallic iron which people usually take. Organic iron is like the iron in your blood and like the iron in spinach, lentils and apple while metallic iron is iron just as it comes from the action of strong acids on small pieces of iron. Nuxated Iron represents organic iron such a highly concentrated form that one dose is estimated to be approximately equivalent to organic iron content of eating half a quart of spinach, or one quart of green vegetables. It is like taking extract of beef instead of eating pounds of meat. Beware of substitutes. Look for the word "Nuxated" on every package and for the letters "L" on every tablet. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. For sale by all druggists.
